

Suzanne Villeneuve

My husband Sylvain and I joined BCC two years ago after moving to the area. We are relatively “new curlers” with 6 seasons under our belts (not including “the Covid years”), having taken up the sport in a little 2-sheet club in Baysville. Love the sport and am interested in seeing it continue to grow and prosper in Barrie :). With my relative newness to the club, one thing I can offer the BCC board is “beginner’s mind”.

On the “business side” of things, I retired a few years ago following a 30+ year career in the healthcare sector, having held senior executive roles in several pharmaceutical companies, as well as consultant and senior strategist roles. My expertise is in general management, strategic planning, marketing & leadership. It has been a few years now, but I completed the Advanced Canadian Board Diversity Governance training program, and have served on a couple of boards previously, so can bring that experience to the BCC Board as well.

Probably the most important role I have held to date is “Granny Zuzu” to Ellie and Darragh. Can’t wait till they can join BCC and I get the chance to curl with them :D!!
